admetec

A NEW LEVEL OF ILLUMINATION.

More power.
Greater precision.
Engineered for
high magnification.

butterfly™ evo+

Orchid™+

butterfly™ evo+

POWER. REDEFINED.

A new generation of wireless illumination, engineered for high-magnification loupes. Advanced LED technology and precision optics combine powerful light with a focused 95 mm beam. Move freely, work comfortably, and keep your attention where it belongs.

Orchid+

PRECISION. ENHANCED.

For clinicians who demand high-output illumination at higher magnifications, Orchid+ takes precision lighting further. Its wired design pairs up to 200,000 lux with a tighter, controlled beam to illuminate the smaller fields encountered in detailed clinical work.
